

Revision of Race #5 and Spring Series Results

Date: 6/25/2017 Time: 3:04 PM

Due to a scoring oversight, the initial results first reported were erroneous. The issue stems from my not having scored boats that started the race and retired as “DNF” (Did Not Finish) instead the default of “DNC” (Did Not Compete). One boat actually required a third scoring code to be accurate; DNS (Did Not Start) – which means he was present prior to his start but retired prior to it.

The rescoring changed overall series positions only in the “Sport Boat” class.

- Blues moved up too first place and Chroma dropped to second place.
- Evolution moved up to fifth place and Phantom dropped to sixth place.

I apologize for the error, however, I’m sure you have an awareness of all the variables involved in the administration and scoring of the races.

We shall as your RC continue to make improvements and welcome your feedback good and bad!

Thanks,

Steve LaMont

RC Chairman

Minor revisions made to Cal 25 class in regard to DNC, DNF.

Freestyle went from DNF to DNC – Never left the dock.

Second Wind went from DCS to DNF and verified 3 Cal 25’s present.

No change in positions as a result. E-Mail notification not warranted.
